

$\varnothing 72$

A technical drawing of a mechanical component, likely a valve or fitting. The drawing shows a central vertical axis. At the top, there is a wide, shallow, flange-like structure. Below this are several stacked, thin, circular plates or washers. The main body of the component is a cylindrical section with a slightly wider diameter than the plates. Below the main body is a narrower section, and at the bottom, there is a threaded section. Dimension lines with arrows indicate the following specifications: a diameter of $\varnothing 72$ at the top; a total height of 130; a connection size of G1"1/4 for the lower section; and a thread size of M6 for the bottom-most section.
